EDUCATION

GAYATRI VIDYA PARISHAD COLLEGE OF ENGINEERING

Bachelor of Technology

Major in Information Technology Cumulative

GPA: 8.42/10.0

Relevant Coursework: Software Engineering; Operating Systems; Data Structures and Algorithms; Networking

Visakhapatnam

Aug 2019 – Apr 2023

NARAYANA JUNIOR COLLEGE

Board of Intermediate Education, Andhra Pradesh

Vijayawada

May 2017 - Apr 2019

SKILLS

- **Languages:** C#, SQL, JAVA, Python, HTML5, CSS3
- **Frameworks:** ASP.NET MVC, ASP.NET CORE, Web API, Entity Framework, DevExpress, Angular
- **Databases:** SQL SERVER, MySQL
- **Version Control:** Git, GitHub
- **Tools & Technologies:** Visual Studio, Smart Git, Excel
- **Others:** Time Management, Leadership qualities

WORK EXPERIENCE

.NET Full Stack Developer

Cognizant Technology Solutions

Chennai

Feb 2024 – Present

- Designed and implemented a custom monitoring tool independently using ASP.NET MVC, Web API, and SQL Server, providing real-time insights into system performance and reducing downtime by 15%.
- Developed innovative features within existing applications by integrating Web API services with responsive UI elements using DevExpress controls by 80%.
- Optimized SQL Server queries and improved database performance by designing efficient schemas and implementing indexing strategies, reducing query times by 10%.
- Collaborated with a cross-functional team to maintain and enhance existing features in a web-based application, improving overall system stability and performance by 25%.

JAVA FULL STACK DEVELOPMENT INTERN

Cognizant Technology Solutions

Chennai

Feb 2023 – JUL 2023

- Analyzed, redesigned and tested software and API, adhering to Software Engineering best practices at each development phase achieving a 98% defect-free rate.
- Collaborate with the testing team to facilitate UAT, ensuring the accuracy of report data and alignment with business objectives by 80%.
- Improved features that delivered a 20% increase in performance, seamless compatibility, and enhanced Responsiveness.
- Effectively managed assigned tasks and continuous improvement to optimizing task coordination, resulting in a 60% improvement and also provided feedback on code reviews.
- Consistently maintained adherence to industry-best practices for agile software development, resulting in a 95% compliance rate throughout the entire technical development process.

PROJECTS

COB Monitor Tool

Present

- It's a commodities trading project.
- Utilized Angular, C#, Dot NET Framework, RESTful APIs and SQL Server
- Drove the development of an automated data exchange system that synchronized front-end and backend databases, resulting

in a 25% increase in data accuracy and reliability across applications.

- Deployed Advanced user interfaces using DevExpress controls, including data grids and custom reporting features.

CUSTOMER RELATIONSHIP MANAGEMENT

Jul 2023

- Successfully delivered user services and scheduled customer meetings in 4-person team using Java
- Utilized Angular, Java, Spring Boot, Maven, TypeScript, JPA, RESTful APIs and Microservices
- Configured back end and database interactions for storing customer data with reducing retrieval time by 30%.

Skin Cancer Detection

Jan 2023

- Implemented a robust skin cancer detection prototype with confidence with Responsive Interface.
- Successfully Integrated CNN-based machine learning model into an Android application and improving system performance by 20%.
- Engineered Front end and end-to-end coding for seamless application experience.

CERTIFICATIONS

- GitHub Co-pilot Course Completion certificate.
- Obtained PCAP (Python Certification) to strengthen my skills in Python programming.
- Actively participated in Online Machine Learning training on Internshala.
- Successfully completed a J2EE Course in Talent Next (Wipro).
- Earned a Java Certification from Mindtree.

INTERESTS

- Exploring and adapting to new technologies
- Playing Cricket
